## COMPLIANCE CORNER

AOD Certification Standards 12070 important reminders about Treatment Planning:

Non-Residential programs: Staff reviews and documents progress toward achieving the Treatment Plan objectives within 30 days from the date the plan was signed and no later than every 30 calendar days thereafter. Conversely, residential programs only need to review progress every 90 days or when the Treatment Plan is updated. Do not forget to use the ASAM Multi-Dimensional Assessment to determine the client progress towards Treatment Plan goals.

Treatment Plan Review Notes: Outpatient Programs must document progress through a progress note every 30 days and at least every 90 days for Residential Programs. The note must address all 6 ASAM dimensions. THE CLIENT DOES NOT HAVE TO BE THERE TO WRITE THE NOTE. The Treatment Plan review may be completed during an individual session. The note must be labeled TREATMENT PLAN REVIEW can be billed as an individual if the client is present. If the client is not in attendance the note still MUST BE WRITTEN and is non-billable. Do not write "Review is NA because the client did not attend the session."
